DESIGN EXPERIENCE

2024 Architecture Trainee

London Software Training

Produced technical drawings, including layouts, furniture choices, lighting, and materials.
Analysed the procurement process of FF&E, including sources and budgets.
Scheduled and specified furniture, fixtures, and materials from Revit project models.
Produced comprehensive mood boards and technical drawings for presentations.
Continued development on Families, Color Fill Schemes and Diagrams, Area Computation.

2023 Banner Designer

LFA & OPEN 2023 Exhibition

Designed eye-catching banners that represented course themes and messages.
Collaborated as a team to develop solutions that maintained a cohesive visual identity.
Oversaw pre-launch processes to ensure the readiness of banners for individual students, aligning with all established standards.

2022 Spatial Designer

Imperial College Student Collaboration, London

Produced architectural concepts with medical expertise for Dementia patients.
Understood how design can impact the medical condition of these patients.

2022 Architecture Student

Faculdade de Arquitectura Collaboration, Portugal

Engaged directly with professionals, including daily lectures, study trips, and exhibition sets.
Gained practical perspectives and industry expertise, part of *David Kohn's* student group.
Worked on *Sketch Exhibition* in groups, offered support and produced architecture collages.

EDUCATION

2020 - 2023 BA Honours Interior Architecture

University of Westminster

Presented design projects from beginning to end, mostly projects are community-oriented.
Analysed design proposals in details including sustainable materials and community impact.
Produced concept imagery and detailed visuals that aligned strongly with the briefs.
Actively went for site visits and measurement to ensure the accuracy of technical drawings.
Collaborated with senior students for the BAIA Sustainable Design Competition, the group won *Best Illustration Presentation* through Images, Drawing and Video.

2023 Exhibition and Events Pre-launch Assistant

Communicated clearly to ensure alignment among course leaders and students.
Worked closely with content and event teams to understand requirements.
Assisted course tutor on Employability Events with professional employers in industry.
